

Postponement 10th ICCD KOSICE 2020

Dear Congress Participant,
Dear Friend,

After careful evaluation of the spreading corona virus (COVID-19) epidemic, and considering the recent statements issued by the [WHO](#) and the [ECDC](#), and the related evolving world-wide restrictions and local restrictions, the International College of Cardiology (ICD) was forced to make this decision. We have been in touch with Slovak health authorities for large-scale events and came to the conclusion that we are not in a position to fulfil their requirements and guarantee a safe congress for our participants and industry partners at this time. The safety, health and well-being of our delegates and partners will always be the highest priority for the ICD.

We would like to express our sincere thanks to our participants and industry partners for their understanding, continuous support and flexibility.

Please, be noted that in these turbulent days, the entire ICD team are doing their best to respond to any query as well **NEW DATE** will be posted at the earliest possible time to make ICCD KOSICE 2020 a spectacular and memorable event for all.

We are already looking forward to welcoming you to Kosice soon!

Yours sincerely

Jan Fedacko, MD, PhD

Congress Chairman
